

## **Expr3ss! recruits Regional Manager to support rapid growth in SA market**

Australia's leading web-based recruitment management business, Expr3ss!, has secured eminent SA businessman David Wilson as Regional Manager to work directly within the South Australian market.

Mr Wilson, who joined Expr3ss! at the beginning of this month, brings to the organisation a wealth of business and recruitment knowledge, with more than 20 years of management experience across multiple industries, including infrastructure, engineering, manufacturing and racing.

Carolynne Burns, Managing Director of Expr3ss!, says she is thrilled to have David join the team.

"With our customer base in SA rapidly growing, the appointment of a Regional Manager was a must," said Ms Burns.

"Recruitment of a person of David's high calibre and breadth of experience is a great coup for Expr3ss!,"

Mr Wilson has a strong background in human resource management, having held various senior management positions for over 12 years with publicly listed company Skilled Engineering Ltd – an organisation providing business solutions for HR, recruitment, labour and logistics.

Mr Wilson has also acted as a consultant, establishing and implementing policies for recruitment, development and training. His most recent role was SA General Manager for Kone Elevators Pty Ltd, a global organisation with major operations in Adelaide.
